Marriage is not a culmination, it is a beginning.

Many years from now, when we look back upon our life, love and this day, we will remember that flowers, music and food were not what made this day so special. It will be our memories of sharing the beginning of our life as husband and wife with you, our friends and family. Having you here with us today has made our wedding truly wonderful.

Understanding that life holds many momentous commitments, we thank you for sharing in one of our happiest.
